LAWRENCE, KANSAS.

TO THE TRADE.

We Take Pleasure in Presenting Our General Wholesale Price List of Seeds for 1902.

We have spared no pains or cost to procure a stock of fine quality, growing them ourselves, or having them grown for us by the best and most reliable growers in America and Europe, and feel confident that they will do credit to all who handle them. Our prices you will find as low as those of any other reliable house, freight considered.

Do not be Deceived by Houses

Claiming to Offer Northern Grown Seeds.

Very few garden seeds are grown north, the bulk are from the *West*, and those offered by us are grown by and for us in localities best adapted to their perfect development. Because a house is located north it does not necessarily follow that their seeds are grown there, notwithstanding such claims are made, without foundation, for the sole purpose of securing trade. Western grown seeds are best.

We Carry a Large and

Choice Stock of Grass Seeds

adapted to the climate of our Western States. Orders always filled promptly at lowest market prices.

We import a fine and complete stock of Flower Seeds.

List sent on application.

We call the Special Attention of

Our Customers to Our Large List of Tree Seeds.

They are all fresh and genuine. We carry the largest and most complete stock in America.

We Make Special Prices on Job Lots.

We have a fine and complete stock of everything in our line at low prices, and can fill orders, small or large, promptly at any time

Our Railroad Facilities and Freight Rates:

We can ship on U. P., A., T. & S. F. and C., R. I. & P. railroads to any point west, rates are same as from Kansas City and to a good many places less than from Kansas City.

F. BARTELDES & CO.,

Lawrence, Kansas, January 1, 1902.

WHOLESALE PRICE LIST.

OUR TERMS.

THE seeds we offer are tested under our personal supervision before shipment, and every care is taken that none but reliable, fresh and genuine goods are sent out. At the same time it must be distinctly understood that F. Barteldes & Co. give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

NO SEEDS SENT OUT ON COMMISSION.

All Grass, Field and Tree Seeds, Potatoes and Onion Sets, we will sell for cash only, no discounts. Bills for Garden Seeds, amounting to \$25 or more, are due June 1, irrespective of date of purchase, or a discount of one per cent per month will be allowed on the unexpired time when paid before maturity. Of new customers we require cash or satisfactory reference.

These prices are for not less than one-half pound or one-half bushel, and are subject to variation without notice.

These prices do not include charges for bags, barrels, boxes and drayage, which are extra.

Assorted Boxes of Garden Seeds.

To Country Merchants whose trade will not warrant to handle bulk Garden Seed, or who prefer to have them put up ready for sale, we can furnish

Seeds put up in Fine Chromo-Lithographed Papers, printed with name of variety and directions for cultivation, in nice showy cases, containing a Select Assortment of the Standard Varieties of Vegetable Seeds for a Family Garden.

The papers of Sweet Corn, Peas and Beans for these assortments are especially put up. They are about twice as large as common papers and contain one-third pint actual measure. We also send with each box show cards and other printed matter, which, together with the reputation our seeds have, will greatly help the merchants to sell them. A live merchant will see the advantage of handling these seeds over the commissioned seeds; his profits are three times larger, and besides this he sells his customers fresh and reliable seeds and will have no trouble with them when the season is over and the harvest begins. We have two assortments, Nos. 1 and 2.

SEED CABINETS FOR BULK GARDEN SEEDS.

The practice of exposing bulk garden seeds for sale in open vessels, boxes or pans, render them liable to get mixed and is a prolific source of complaints of that nature which are unjustly charged to the firm of whom the seeds were purchased. We have therefore designed and had built, seed cases or cabinets expressly for the purpose, and urge our customers to adopt this method of handling garden seeds in bulk. Seeds kept in this way remain clean and bright and are much more saleable than if exposed to dust. These cabinets are substantially built of thoroughly seasoned lumber, and handsomely finished, and will pay for their cost in economy of time and in saving of seeds otherwise wasted. We furnish them at lowest cost of construction, crated as follows:

Cabinet No. 1, height 4 ft.; width 4 ft. 6 in.; depth 10 in., with 52 drawers, graduated sizes, 4x5 in.; 6x8 in.; and 8x8 in.....\$15.00

Cabinet No. 2, height 3 ft.; width 2 ft. 3 in.; depth 8 in., with 54 drawers of tin with wood facings, mouse proof..... 8.00

No. 2 is intended for small seed only.

ASSORTED BOXES OF FLOWER SEEDS.

We also put up Flower Seeds in Fine Chromo-Lithographed Papers in boxes containing 25 ten cent papers, and 75 five cent papers, retail value of these boxes \$6.25; we offer them to the trade at \$2.50. These seeds are selected with great care for the family garden, and we know will sell well and give the merchant a big profit.
